2019 VERSION

## Taiwan's Education System

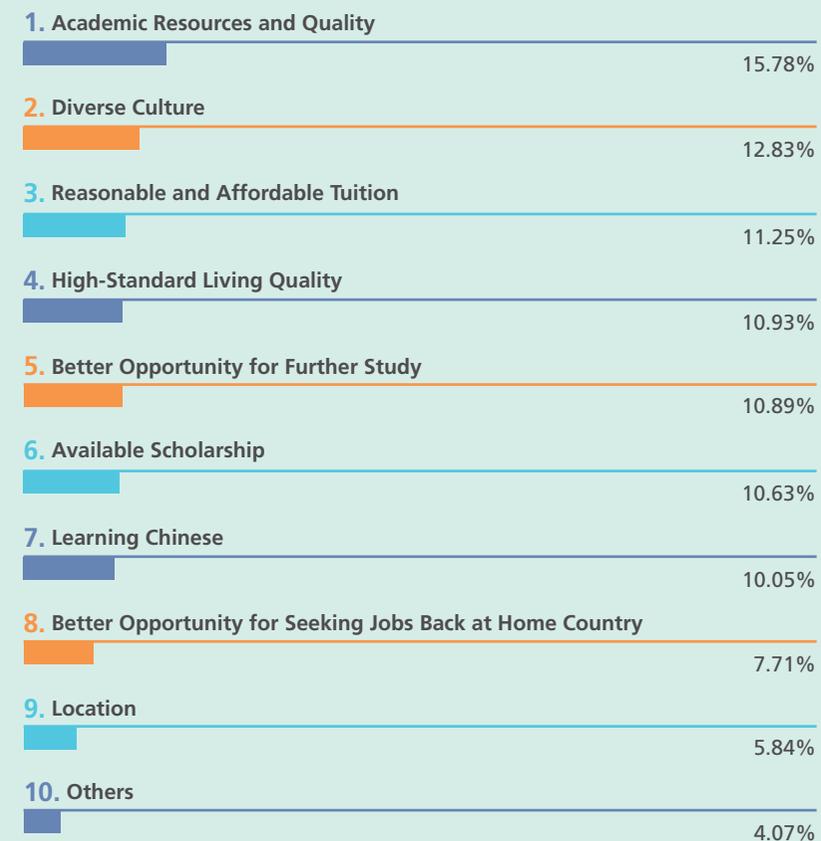

The people of Taiwan are very well educated, literacy is about 98.79%, and students from Taiwan score very high on international tests. These achievements are the product of cultural and societal values that hold education in high esteem, and the comprehensive education system created to achieve Taiwan's goals of becoming a well-educated, economic and technological powerhouse on the world stage. Under the current education system, students may study for up to 20 years: 6 years of primary education, 3 years of junior high school, 3 years of senior secondary school, 4 to 7 years of college or university, 2 to 4 years for a master's degree and 2 to 7 years for a doctoral degree.

## WHY TAIWAN?

FRIENDLY, SAFE, MODERN, CONVENIENT, and DYNAMIC are words commonly used to describe Taiwan. Its outstanding higher education system provides opportunities for international students to study a variety of courses and programs. Taiwan, the only place in the world where traditional Chinese writing is widely used, is an ideal place to learn Mandarin Chinese. Taiwan, a gateway to Asia, provides exciting chances to experience quality higher education and connect with the Asian job market.

### 10 Reasons to Study in Taiwan

# TAIWAN, Republic of China

## Capital city

Taipei

## Area

36,193 sq km (13,973.3 sq miles)

## Geographic location

Eastern Asia, off southeastern coast of mainland China and north of the Philippines

## Weather

Annual average temperature is 22°C (lowest temperatures on the lowlands generally range from 12° to 17°C)

## Population

Approximately 23,000,000

## Official language

Mandarin (with traditional Chinese character system)

## National currency

New Taiwan Dollars (NT\$ or TWD)

## Major Airports

1. Taiwan Taoyuan International Airport (TPE)
2. Kaohsiung International Airport (KHH)

## Number of universities

153

National Universities **33**

Private Universities **37**

National Technological Universities & Colleges **15**

Private Technological Universities & Colleges **68**

## Number of students undertaking higher education

Approximately 1,273,894

## Number of international students in 2018 - 2019

117,970

## Expenses to Study in Taiwan

### Tuition and miscellaneous academic fees

Bachelor's degree **Around USD\$1,500 - \$1,800 per semester**

Master's degree / Ph.D. **Around USD\$1,600 - \$2,000 per semester**

### Meals

**Around USD\$180 - \$270 per month**

### Accommodation

On campus **Around USD\$30 - \$200 per month**

Off campus **Around USD\$200 - \$600 per month (not including utilities)**

# Learning Chinese in TAIWAN

Taiwan is an ideal place for international students who want to learn Mandarin Chinese, also called Mandarin, Huayu, Guoyu, Hanyu, Putonghua, and Zhongwen in Chinese-speaking communities around the world, and Modern Standard Chinese. Taiwan is also an ideal place to learn to read and write Chinese characters, something that will enable you to communicate, in writing, with people who speak other Chinese dialects. The traditional character forms are still used in Taiwan. Learning these is essential for any student who plans to become a translator and they allow you to more fully appreciate the Chinese language, across the centuries.

There are 60 Chinese Language Centers located at colleges and universities throughout Taiwan, offering classes year-round. The instruction and teaching materials are top-notch and designed to help students achieve their language goals. Outside of class, students will have innumerable opportunities to practice reading Chinese characters and speaking Mandarin with the friendly citizens of Taiwan.

## INTRODUCTION

The National Taipei University of Education (NTUE), was inaugurated in 1895 and renamed to its present title in 2005. With more than 122 years history of excellence, NTUE is proud to be one of the most prestigious educational institute in Taiwan. Our campus is located in the heart of Taipei and a stone throw from a major MRT line, making it a top choice for international and local students.

NTUE plays an important role in the development of primary education and teacher training programs, and is highly regarded as an essential figure of educational services. At the present, NTUE specializes in teacher training, educational research, digital technology, arts, music, cultural management, sports, and continuing education.

In Pursuit of Excellence:  
NTUNHS is Your Best Choice.

## INTRODUCTION

National Taipei University of Nursing and Health Sciences (NTUNHS), founded in 1947, has cultivated many excellent nursing and health care international/domestic professionals in the past six decades. In Taiwan's education history, NTUNHS's remarkable achievements epitomize Taiwan's nursing technological and vocational development.

The main education mission of NTUNHS focuses on providing comprehensive health care education and enhancing Taiwan healthcare quality.

Since 2001, NTUNHS has been seeking "global orientation and cultivation of international healthcare professionals." Our goals include internationalization of educational programs, internationalization of students' professional licenses and competence, and internationalization of academic study.

### Lead Regionally, Connect Globally.

## INTRODUCTION

Taipei Medical University has been a leader in Taiwan's healthcare system for more than half a century. Around 6,000 students from over 40 countries are currently enrolled in TMU's ten colleges. TMU leads in many research areas including clinical and translational cancer, pulmonary medicine, artificial intelligence in medicine, neuroscience, medical device developments and cell therapy and immunotherapy. As one of the capital city region's largest health care systems, TMU's three affiliated hospitals – TMU Hospital, Wan Fang Hospital, and Shuang Ho Hospital – are all accredited by Joint Commission International (JCI) to guarantee world-class standards and practices, providing ample opportunities for professional skills training and research. As the university approaches its seventh decade, TMU continues to change and advance in global rankings that have placed it at the front of Taiwan's private universities in health and science programs.

## INTRODUCTION

Jinwen University of Science and Technology has modern and well-maintained facilities and has been accredited as a safe school by the International Safe Schools of the World Health Organization in 2010 and 2014. Our university possesses strong faculty members with wonderful teaching quality. We also received subsidies from the Teaching Excellence Project from 2009 to 2014, and the Higher Education Enhancement Project from 2018 to 2022 by the Ministry of Education. In order to make our students more competitive in career fields, JUST puts special emphasis on bilateral business-university cooperation and actively promotes student internships, both off-campus and overseas. Our school is a qualified university with the characteristics to nurture professionals in the fields of hospitality and tourism, business management and services, applied foreign languages, electrical engineering and information technology, and creative design.

## INTRODUCTION

Founded in 1963 and located in New Taipei city. "Residential schooling" and "part-time practical training" are two of our longstanding school traditions. To live on campus while studying helps students mould their characteristics and maintain a diligent attitude in daily life. As for working part-time outside the school, it is our objective to help students quickly accumulate practical abilities, gain real-life experiences, and learn the true meaning of diligence, perseverance, being down-to-earth, and searching to the root of things. Especially, our overseas practical training program that began in 2006 has become the pioneer among all universities and colleges in the world.

Study @ St. John's, Leading  
You to a Successful Career.

## INTRODUCTION

St. John's University, one of the most venerable and longstanding educational institutions in Taiwan, was founded in 1965 as a successor institution of the former St. John's University in Shanghai.

Having been accredited by Ministry of Education as Teaching Excellence University for eleven consecutive years since 2006, SJU takes great prides on its teaching quality and student-centric focus. Laying the emphasis on student's learning capability, global mobility and employment competitiveness, SJU offers well-designed curricula to closely meet the overall needs for their future career development.

Here at St. John's, countless learning opportunities beckon as you pursue your path of development into a bright future. Welcome to join us and experience the pride of being a member of our university family.

ACT TOGETHER, WE GO FAR!

## INTRODUCTION

National Chiao Tung University (NCTU) was originally founded in Shanghai in 1896 under the name of Nanyang College, and it shares the same origin as the Jiaotong Universities in mainland China. In 1958, NCTU was re-established in Hsinchu, Taiwan. The University has been the forerunner of science and technology. Subsequently, it has laid a firm foundation for the Hsinchu Science Park (HSP), the "Silicon Valley" of Taiwan.

NCTU is situated at the core of Taiwan's high-tech industry, i.e., Hsinchu Science Park, making it an optimal hub of technological practices and academic exchanges for NCTU students. Moreover, NCTU has a distinguished alumni network, and nearly two-thirds of the CEOs and general managers in the Park are NCTU alumni.

Pursuing Knowledge at National Tsing Hua University

## INTRODUCTION

National Tsing Hua University was established in Beijing in 1911 as "Tsing Hua Academy." In 1956, National Tsing Hua University was re-established at its present location in Hsinchu, Taiwan. Since its relocation, NTHU has developed into a comprehensive research university offering a full range of degree programs in science, technology, engineering, humanities, social sciences, management, education and arts. NTHU consistently ranks as one of the premier universities in East Asia, and is widely recognized as a leading incubator for future leaders. Our outstanding alumni highlight the success of NTHU students, including three Nobel laureates and a Wolf Prize winner.

## NCNU @ Heart of Taiwan

## INTRODUCTION

Founded in 1995 in Puli, Nantou, National Chi Nan University (NCNU) thrives as a green, young and dynamic academic sanctuary in the geographical heart of Taiwan. NCNU provides a wide range of programs facilitated by four colleges: Science and Technology, Education, Humanities and Management. The department of International Comparative Education, which can only be found at NCNU, is the University's uniqueness along with the fact that we house the best Southeast Asia Studies Department in Taiwan. Today, NCNU has a student population of over 6000, and a faculty and staff strength of 550. Moreover, there are more than 700 international students (including overseas Chinese students) from 22 different countries. International students comprise a whopping 12% of NCNU students. The University offers a wide array of opportunities for a meaningful international experience. NCNU is a place of captivating attractions and also a place refined for academic pursuits.

## Health, Care, Innovation, Excellence

## INTRODUCTION

Founded in 2001 with a student population of 12,000, Asia University (AU) is a visionary, pioneering, and fast-growing school with the goal of establishing a remarkable and comprehensive university with international competitiveness. Over the past 15 years, AU has demonstrated excellent in academic performance and has accumulated prestigious rankings in many higher education evaluation conducted by the Ministry of Education (MOE).

Meanwhile, AU has earned an international reputation in several world university rankings. For example, according to the 2016-2017 Times Higher Education World University Ranking, AU is one of only 26 Taiwan universities listed in the top 1,000 universities worldwide. Furthermore, the Times Higher Education World University Ranking evaluated AU as among the 100 best universities founded within the last 50 years.

## INTRODUCTION

National Changhua University of Education (NCUE), ranked as Taiwanese second largest university of teachers' education, is positioned as a comprehensive university with seven colleges providing a full range of degree programs. Over the past four decades, NCUE has evolved into one of the top universities in the fields of vocational education, science education, counseling, language, and special education. With a balanced development of teaching and research, NCUE has garnered the Ministry of Education's Teaching Excellence Project grant for over 10 consecutive years. Its rankings of paper citations and papers published in renowned indices are placed among the top nationally. NCUE's location in central Taiwan provides considerable advantages for enhancing government-academia collaborations and rooting a stronghold with the local industries. NCUE has been devoting resources to facilitating the integration of international students by drawing on support from a wide range of expertise within the University. In 2017, NCUE was awarded by the MOE for its excellence in international student counseling.

## Join us - Enjoy Your Study Life in YunTech

## INTRODUCTION

Founded in 1991, National Yunlin University of Science and Technology (YunTech) has become a university paradigm for other technological universities nationwide under the leadership of the former presidents and the current president, Dr. Yang Neng-Shu. YunTech is a flagship technological university with four colleges, the College of Engineering, College of Management, College of Design, and College of Humanities and Applied Sciences. These four colleges account for 20 undergraduate, 26 master's and 12 doctoral programs. The student population is approximately 10,000. Since its establishment, YunTech has built a solid foundation for academic and professional development. In the future, YunTech seeks to keep promoting its role to be recognized worldwide and become a research / teaching-driven university focused on theory and practice and also on technology and creativity.

## Bringing Nanhua to the World and the World to Nanhua

## INTRODUCTION

Located in Chiayi, Taiwan, Nanhua University was founded in 1996 by Venerable Master Hsing Yun. Through the support of millions of Fo Guang Shan worshippers, the first comprehensive university of Fo Guang Shan was funded. The school is also a member of "Fo Guang Shan's Associated Universities," the country's first cross-nation university system. Currently, the school has about 5,500 students and a strong faculty of 220 full-time teachers. The proportion of assistant professors to full-time teachers above is more than 96%, and the proportion of doctorates among them is 91%, which means the school ranks among the top private universities.

## Your First Choice! Studying in Taiwan, Connecting with the world!

### INTRODUCTION

National Kaohsiung University of Science and Technology (NKUST) was established on February 1, 2018 by the merger of three universities: National Kaohsiung University of Applied Sciences, National Kaohsiung First University of Science and Technology, and National Kaohsiung Marine University, becoming the largest technological university in Taiwan. As the result of the merger, NKUST incorporates the strengths of the three universities,  
I. Strong connection with industries  
II. Innovation and entrepreneurship  
III. Ocean technology  
With the pursuit of such ideals as value co-creation and people-oriented leadership, NKUST continues to serve as the think tank in Kaohsiung, the engine of industries, and the base of the southbound plan. NKUST, with great collaboration efforts across academia and industry, has reinvented itself as an outstanding international university that is widely recognized by the global society and that nurtures top professionals with academic excellence and success in industries.

### Dare to Dream and Be Visionary

## INTRODUCTION

Since 2006, NSYSU has been among the top universities in Taiwan to receive major funding from the Ministry of Education for academic excellence. Outstanding academic achievements exhibited by many departments have landed NSYSU among the world's top universities in many academic rankings.

NSYSU has sister-university agreements with over 230 universities in more than 40 countries around the world. Within these partnerships we engage in student exchange programs, dual degree programs, joint Ph.D. supervisions, research collaborations, and co-sponsorship of symposiums.

International students enjoy learning and life in an internationally friendly environment and are encouraged to participate in a variety of activities to gain deeper understanding of Taiwanese culture and mingle with local students.

### NUK, Sailing to the World - Egalitarianism, Diversity and Openness

## INTRODUCTION

Founded in 2000 by the Taiwanese government, the National University of Kaohsiung (NUK) aims to promote the southern area's economy. Therefore, NUK has superb geographical location and is very close to the Nanzhi Export Zone and public transportation, such as Zuoying THSR stations. Surrounded by industry clusters, NUK has great advantages of research and academia-industry development. Moreover, NUK's teaching and research staff is in their prime of life as the average of their age is 47 and 95.1% of them have Ph.D. degrees and have abundant academic experience. In 2019, NUK is ranked the Times Higher Education World University Rankings and Asia University Ranking.

## Successfully Transform Yourself

### INTRODUCTION

#### VISION:

To become a role model for technological universities that targets at links to global trends and industrial, domestic needs, and sustainable development.

#### MISSION:

To thrive as an institution that focuses on employment oriented education.

#### PURSUIITS:

To create a high-quality, unique, diverse, and global learning environment that cultivates professionals of knowledge, innovation, humanities and technology.

#### SUPPORT FOR INTERNATIONAL STUDENT:

Special teaching assistance will be provided to all international students to help them with language or course work problems that they may encounter. Taiwan students with excellent English proficiency will be paired to international students to help them achieve success in their studies. To experience and to familiarize Taiwanese culture, we hold many local tours during each semester.

A university with global view.

## INTRODUCTION

NPTU recently initiates a University, Government, School & Society, and Industry (UGSI) project to promote itself to a more influential university in southern Taiwan. Our mission is not only to develop professional talents but also to shape up their personalities. Therefore, the educational philosophy of NPTU strongly emphasizes on the balanced development of humanistic qualities, professional knowledge, and practical experiences of our students. To accomplish the goal, diverse leading-edge professional courses and holistic education are designed to cultivate students' professional skills and humanistic qualities.

@ndhu,  
see the world and be seen.

## INTRODUCTION

National Dong Hwa University (NDHU) is an outstanding higher education institution which possesses abundant resources and reaches higher internationalization. As known as one of the most beautiful campus in Taiwan, NDHU currently consists of 8 colleges and a total of 35 departments, 48 graduate institutes, and 16 Ph.D. programs. In NDHU, there are about 1,000 international students from 5 continents, 52 countries and regions, including Americas, Europe, Africa, Asia, and China. At present, the University boasts almost 500 scholars who dedicate themselves to teaching and research; more than 94% percent of these full-time faculty members hold Ph.D. degrees from the world's most prestigious universities.

NDHU Welcomes all students to join in.

With each of you, we can make a more brilliant future together.

## FICHET: Your all-inclusive source of information about studying in Taiwan

The Foundation for International Cooperation in Higher Education of Taiwan (FICHET) is a non-profit organization, founded in 2005. Currently, representing 116 member universities.

FICHET has been given the responsibility by the government to function as a platform for international cooperation between Taiwanese and foreign universities. Keeping the most current information on higher education in Taiwan and work for integrating, exchanging and sharing the resources of all members, creating more constructive cooperation with international academic societies.

Ultimately the goal of FICHET is to advance the globalization of Taiwanese higher education and to proudly exhibit its merits on an international stage.

### What We Do

1. Promote Taiwan higher education overseas.
2. Organize seminars on international education affairs.
3. Enhance collaboration between Taiwan higher education institutions and other countries' academic consortiums.
4. Promote international students recruitment.
5. Participate in international education fairs worldwide.
6. Supervise overseas Taiwan education centers.
